LOCATION

CARIB BEACH APARTMENTS are situated at Rutland Point, which is where Negril's famous Long Bay meets Negril's Bloody Bay in Jamaica. On one side is the hotel Hedonism II; on the other side is Grand Lido Hotel.

DESCRIPTION

There are several dozen apartments dispersed over 14 acres most of which are privately owned and some of the owners reside there. Some are used as hotel rooms for "Point Village Hotel" whilst several are available for weekly (or longer) tourist rentals.

The Carib Beach Apartments accommodation is well away from the central hotel facilities and is in the best location, being beachfront, with direct frontal views to the beach. Only lawn and gardens and a footpath are between the apartments and the ocean.

The coastline is made up of sandy coves and rocky headlands. One of the sandy coves is available for nude sunbathing; the others require at least the bottom half of any swimsuit.

ACCOMMODATION

The Buildings are well designed and architecturally pleasing without having any outstanding features. The grounds are very spacious and offer 270-degree ocean views, including practically the whole Bloody Bay and Long Bay (Negril's main beach).

- An air conditioned studio apartment directly facing the ocean.
- A fully equipped kitchen area, whether for cooking or merely keeping your drinks cool and your coffee hot.
- Large sea-front veranda
- Close to the tennis court
- Double bed and fine furnishings
- Maid cleaning service on alternate days (sometimes on consecutive days)
- Free parking (most guests do not require a car)
- Check-in 3 p.m.
- Checkout 11 a.m.

BEACHES & GARDENS

The spacious gardens are mainly palm trees, flowering shrubs and lawns. You may wish to stroll to secluded areas and several beaches, sandy coves and rugged cliffs, stopping, if you so desire, at one of the bars on the oceanfront rocks for a drink or two.

Our most southerly beach is Negril's best known beach, Long Bay. You can walk or jog about 4 miles to Negril River, all on the beach. (The adjacent hotel, Hedonism II, is on the public beach, but it is best to walk right past Hedonism, as the security guards will harass you if you loiter there).

To get to Bloody Bay's 1 mile stretch of beach, you will have to pass Grand Lido Hotel. Unfortunately rocks prevent you from walking along the shore, so it is necessary to walk by road, quite a distance.

Booby Cay (pronounced Kee) is a small uninhabited island just offshore at Carib. You can swim or take a boat. The island was used for filming Walt Disney's "40,000 Leagues Under The Sea".

DINING & FACILITIES

There are three restaurants and bars, along with a tennis court, hot tub and swimming pool. A boutique and shops for necessities and souvenirs are on site.

Supermarkets are ten minutes away by taxi, but there are other, smaller, shops nearer.
